

Here are some questions to ask your prospective taxidermist:

Can you give me references to some of your clients, for whom you have done similar work?

Have you undergone any certification program that qualifies you as a certified taxidermist?

Are you a member of any state or national organization of taxidermists?

Do you regularly attend seminars and workshops related to taxidermy?

Do you subscribe to good taxidermy periodicals and magazines?

Do you participate in taxidermy competitions? If you do, have you been awarded any special awards, titles or blue ribbons for work excellence?

Can I see some of your finished mounts?

Do you provide a guarantee against your work?

Do you have insurance cover in case something untoward happens, while my trophy is in your possession?

Does a taxidermist require a license in your state? If yes, do you have a valid license?
